

## **Amesbury RMF Liaison committee**

### Notes on the Liaison Committee - 11 March 2021.

At the meeting of the Amesbury RMF liaison committee held on 22 October 2020, it was agreed that meetings would remain at 6month intervals, but that members would be contacted in advance of each meeting to establish if the scheduled meeting is required.

A meeting was scheduled for 11 March 2021, however after making contact with members it was agreed that, as there were no issues to raise, the meeting was not required and therefore did not take place.

The chairperson of the committee, Councillor John Smale, has advised that he will not be standing for re-election in May 2021, and will therefore resign from the committee. Hills Waste Solutions would like to thank Cllr Smale for his contribution to the committee and wish him well for the future.

Due to the local elections taking place in May 2021, the next liaison committee will be scheduled for late June 2021 to allow time for elected councillors to take office and local town and parish councils to nominate their elected representative to attend future Amesbury RMF liaison committee meetings.
